1080P
Using the CP Plus Ezykam+ Camera 360

1080P Full HD Video

Designed to represent an enhanced picture quality in full HD video so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

360° View

The camera rotates full 360°, making it convenient for you to view the room from every angle and keep an eye all over the place even when you are away from home.

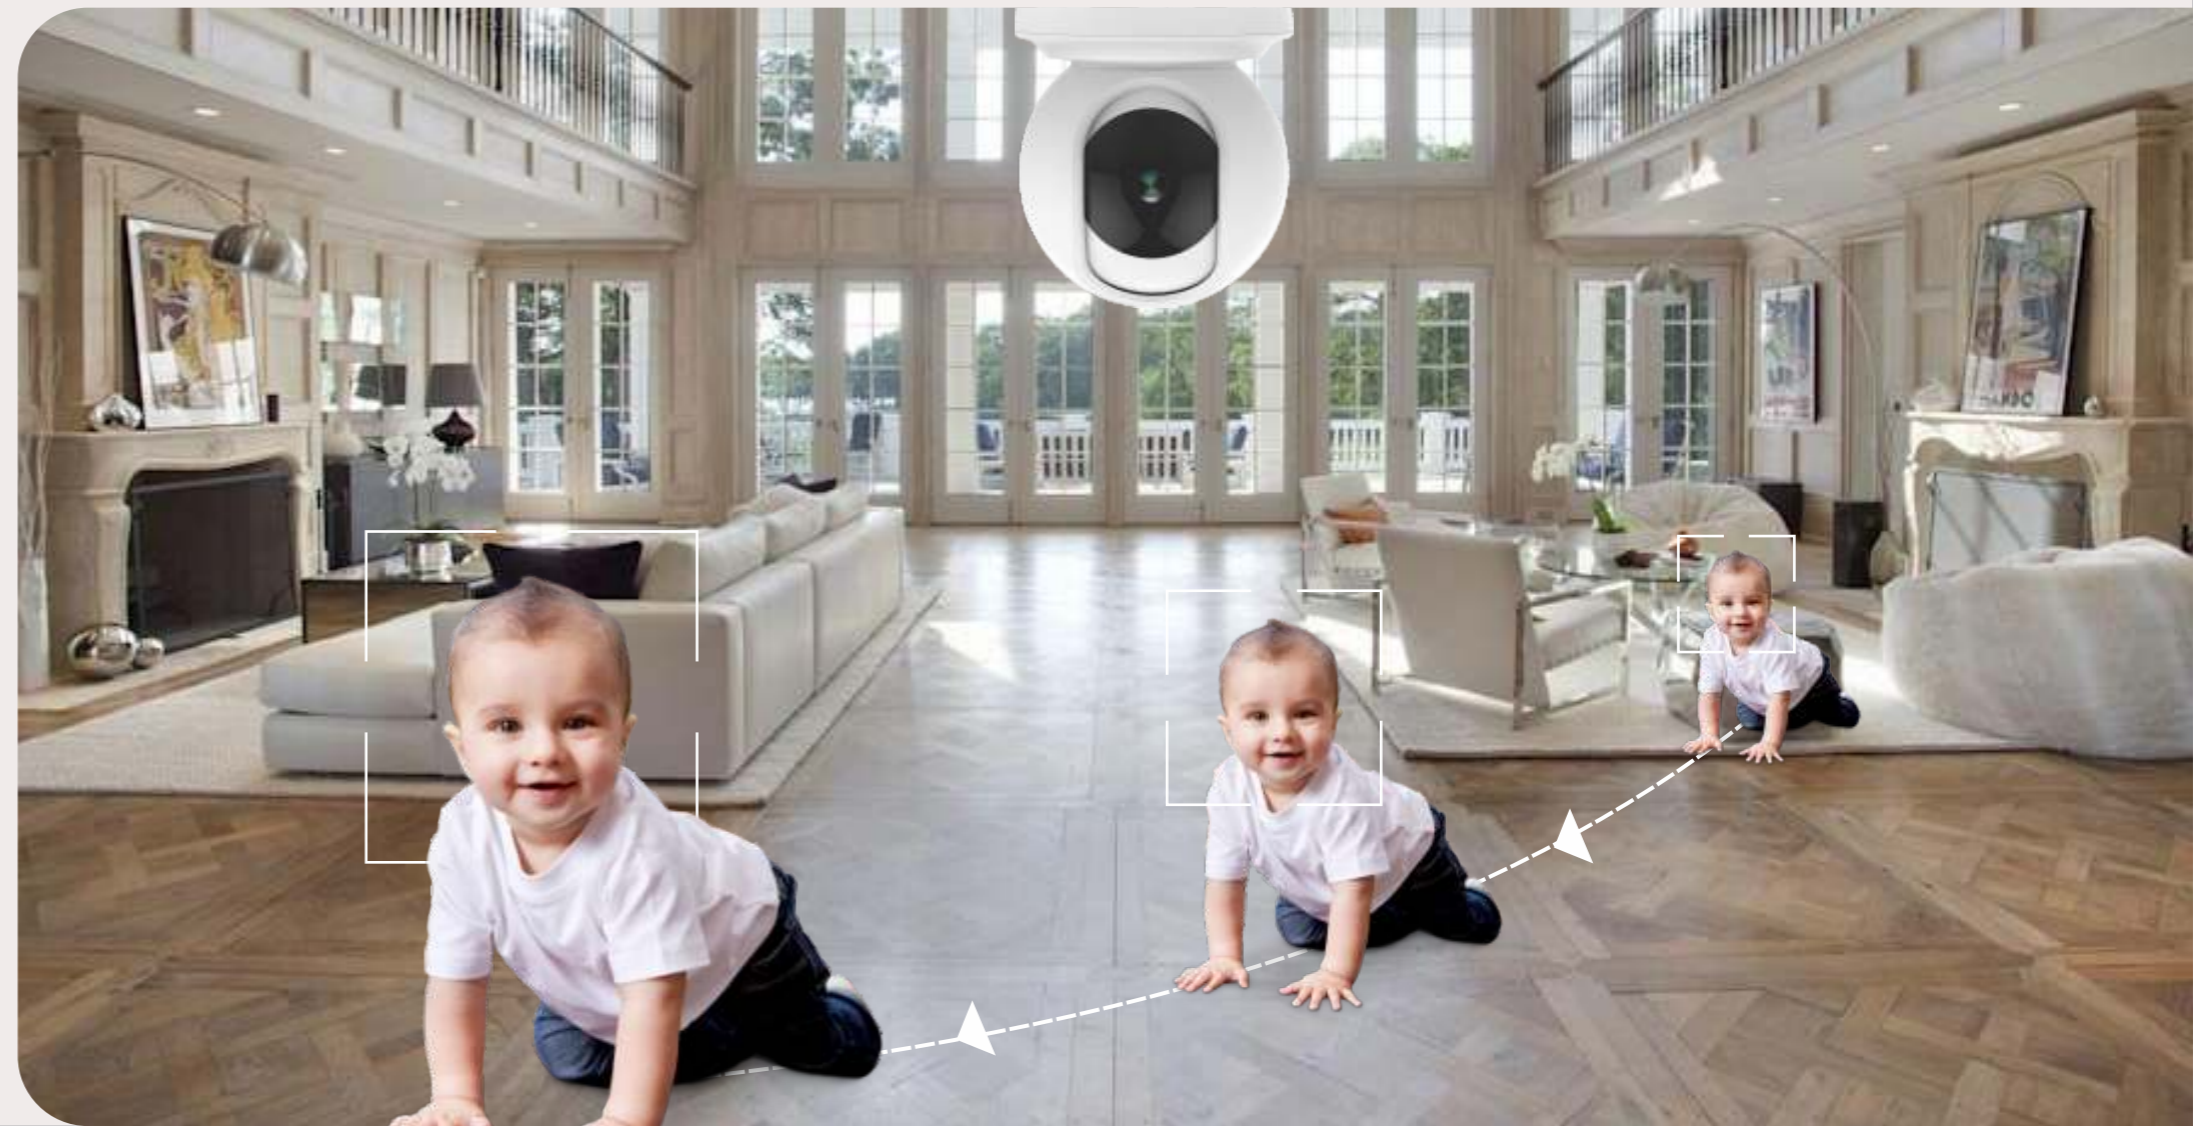

Motion Detection Alerts

This camera detects movements in the video frame and send alerts in real-time to always keep you notified about what's happening at home.

Supports Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

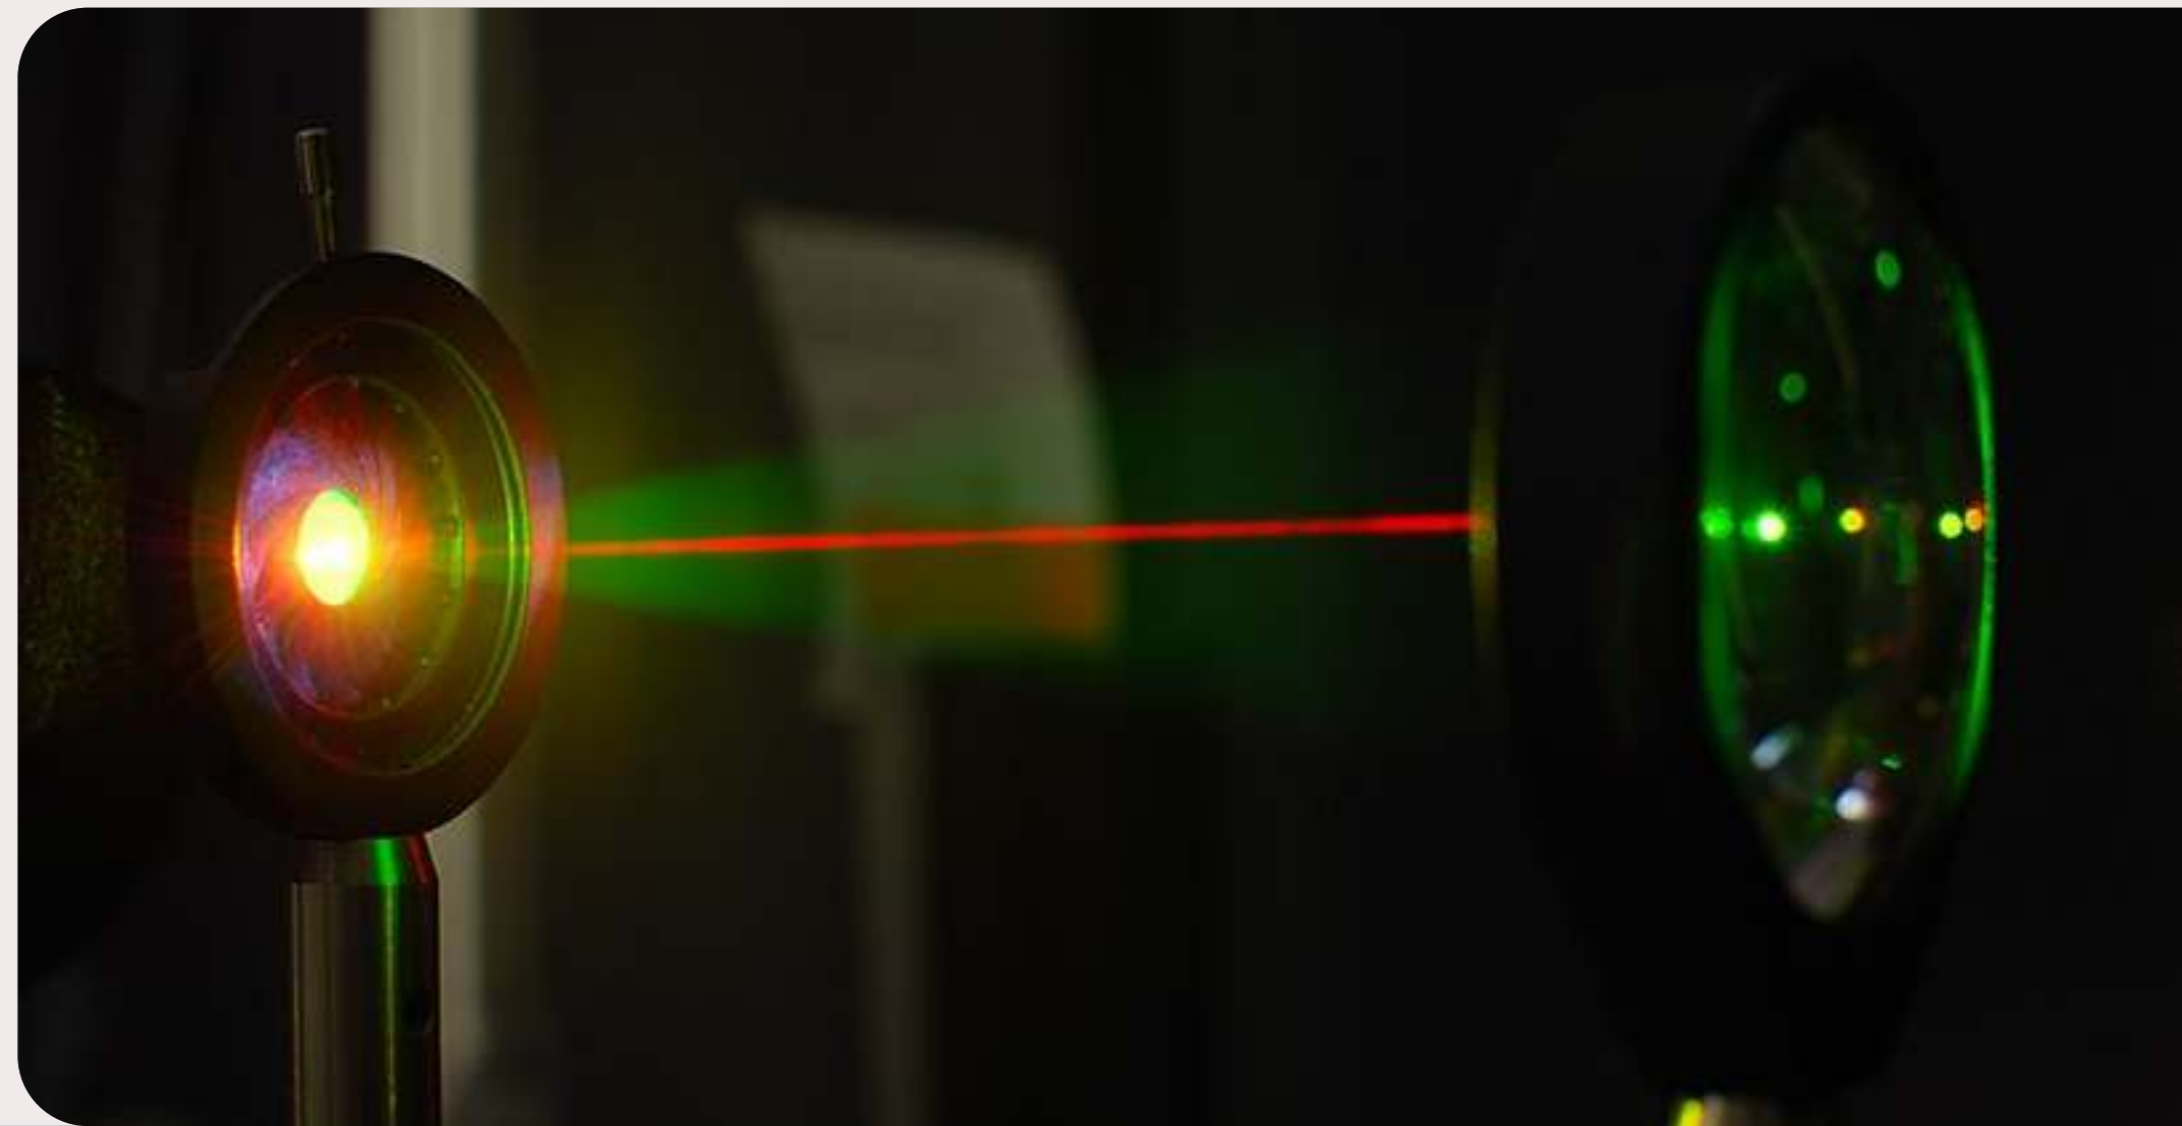

Privacy Mode

Using privacy mode, you can block the camera view & recording of a specific area of your choice to maintain privacy.

IR Lights

In areas of low illumination &/or dark places, infrared lights help to present a clear video feed even at night, increasing and enhancing the visibility of the lens to capture every detail.

Alexa and Google Supported

The CP PLUS EzyKam also works with both Alexa & Google Home, which lets you integrate your surveillance solution with your smart home system, meaning that with a simple voice command, you can now view your camera feed live on TV or smart phone.

Specification - E21A

Feature	Specifications
Image Sensor	1/2.7" CMOS sensor (0.9407cm)
Compression	H.264/ H.265
Minimum Illumination	0.01 Lux
Resolution	1920 x 1080 (2MP)
Flip Mirror	Supported
IR cut filter	Supported
IR Distance	15 M
IR Led	6 LEDs
Lens	2.8mm lens
Frame Rate	20fps
Pan/Tilt Angle	Tilt 71°, Pan 355°
View Angle	(D) : 70.9°/(H) : 61.8°/(V) : 35.4°
Stream	Dual Stream
Protocol	TCP/IP
Audio Communication	Two Way Audio
Audio Input	Supported (Built-in Mic)
Audio Output	Supported (Speaker)
Ethernet Port	1xRJ45 10/100 Mbps
Recording Method	Event Recording/ Continuous Recording
Motion Tracking	Supported
Configurable Region	Supported

Feature	Specifications
Wireless Standard	IEEE 802.11b/g/n
Frequency	2.4~2.4835 GHz
Wireless Security	WEP & WPA, WPA2
Work with Alexa	Supported
Work with Google Assistant	Supported
Private mode	Supported
Motion Detection	Supported
Human Body Detection	Supported
Notification Method	Mobile push (App Support)
Storage mode	SD card (up to 128GB)
Antenna gain	2~3db
Antenna	Built-in PCB antenna
Reset Button	Supported
Smart Phone	IOS & Android
Working temperature	-10°C- 50°C
Power Supply	5V 1A
Power consumption	5W
Body Material	ABS+PC
Dimensions	77x77x107mm
Weight	195g

Applications
