NOIDA, March 2018: CP PLUS, the global leader in advanced security and surveillance solutions, recently hosted a grand Rewards & Recognition event in Bangkok to recognize and reward efforts and contributions made by the team in business. The event marked its completion of a year since its touchdown in Indonesia a year back.

“I’d like to thank each and every partner in Indonesia for their contribution over the past year. It was an action filled year with a great performance from the Indonesia team here. The Top 20 performers of the year have been felicitated. We hope to see such great performances and even better for many more years to come,” said Mr. Aditya Khemka, MD, CP PLUS.

Hosted at the Hotel Raman Garden in Bangkok on the 9th of March 2018, the event saw the felicitation of 20 partners who clocked the greatest contribution in the year’s business. They were awarded with a trip to the Maldives each; with the one topping the list taking home a chain in 22k gold.
