# CarKam

## Stay Always Protected Wherever the Road Leads

Introducing the CP PLUS CarKam, a cutting-edge range of advanced dashcams designed to redefine on-road safety, security, and convenience. Crafted with precision and innovation, CarKam stands at the forefront of automotive technology, offering drivers a comprehensive solution for capturing every moment on the road. Equipped with Full HD resolution, these dashcams ensure crystal-clear footage, delivering exceptional clarity that is essential for identifying license plates, road signs, and other crucial details.

**2MP Resolution**

**G-Sensor**

**Supports Wi-Fi**

**Supports SD Card**

**Built-In Battery\***

**H.265 Video Compression**

*\*Built-In Battery is only for emergency recording purposes.*

## 1080p Full HD Recording

Experience crystal-clear clarity on the road with our dashcam's 1080p Full HD recording, ensuring every detail is captured with stunning precision for enhanced visibility and peace of mind.

## Built-in Microphone

Enjoy added convenience and functionality with the built-in microphone, enabling clear audio recording to capture conversations, road noise, and other sounds for a comprehensive record of your journey.

## Built in G-Sensor

Triggered by sudden changes in acceleration, deceleration, or impacts. When the CarKam detects a significant impact, it automatically saves the recorded footage in a secure folder, securing it from loop-recording.

## Time Lapse Recording\*

During playback, the captured frames are played back at a much faster speed than they were recorded. This creates a fast-forwarded video file, allowing you to see a long period condensed into a shorter video.

## Wi-Fi Support

Allows the CarKam to pair with your smartphone wirelessly, without the need for an internet connection to help you operate it seamlessly with just a few clicks

## Easy to Install

Streamlined installation and user-friendly design make mounting hassle-free. Intuitive CarKam setups ensure quick and secure attachment, promoting accessibility and convenience for users.

# CP-AD-H2B-W (CarKam)

Feature	Description
Video Frame Rate	1080P@30fps
DDR	512Mbit
Flash Memory	64Mbit
View Angle	H: 100.87°, V: 53.60°, D: 120.56°
Video Format	MP4
Video Encoding	H.265
WDR	Support
G-Sensor	Support
Battery	240mAh Lithium Battery
Micro SD	Up to 16~512GB (Class10)
Charger	5V/1.5A Type-C

Feature	Description
Sound Recording	ON/OFF
Parking Mode*	Support
Time-lapse*	Support
Emergency Video	Automatic emergency recording, key videos will not be overwritten
