Frequently Asked Questions

1. **Can I share camera with family and friends?**
Yes, you can share your cameras with family and friends who will have access to view the camera.
2. **Which SIM card is supported ?**
All 4G/3G SIM cards are supported by device.
3. **The camera appears offline or unreachable?**
Make sure you inserted the SIM in correct position during the setup. Check whether there is any Internet connection problem in SIM. If the SIM signal is too weak, Keep the camera in good network area.
4. **Cannot connect to your SIM network?**
Make sure there should be active Internet plan on SIM card which is inserted on camera.
5. **How many cameras can I control?**
CP Plus app can control unlimited number of cameras in unlimited amount of locations. Your router may have a limit of how many cameras can be connected to one router.

Thank you for choosing CP PLUS ezykam+. Get Started using your new devices by downloading ezykam+ app, one convenient app that manages everything straight from your smart phone. Easily connect to 4G SIM Network and control multiple devices from the touch of your fingertips.

What's in the Box
